MEMORANDUM FOR: Deputy Director of Security  
(Investigations & Support)

THROUGH : Director of Development & Procurement, DPS/DCI  
Security Officer, DPS/DCI

SUBJECT : CORONA Cover Plan

1. While I realize that Project CORONA is presently in such a state of flux that it is difficult to concoct an absolutely final, cohesive cover plan, I would appreciate the comments of the addressees on the attached cover paper, drawn up by [redacted] Cover Officer, DPS.

25X1

2. It would be helpful were you to record any differences you may have with the substance of the plan, especially the basic premises set forth on the first two pages thereof. It is expected that the CORONA cover plan will have to be modified as time goes on, to reflect changes in operational emphasis as they occur, but I feel that your comments offered now will be of considerable assistance to this office.
